

Compact. Quick. Compatible.

The BC1124 supersedes the BC1121 with the same reliable features, but in a smaller, lighter, and more affordable package. It's designed to make charging easier, faster, and more convenient for any workspace.

BC1124 IQV20™ COMPACT BATTERY CHARGER

The BC1124 Compact Battery Charger delivers powerful performance in a smaller, lightweight design—perfect for keeping your Ingersoll Rand® IQV20™ batteries charged and ready. Combining efficiency, portability, and universal compatibility, it's the ideal solution for streamlining your workspace and boosting productivity.

Whether you're in the shop or on the move, the BC1124 makes charging simple and convenient, so you can stay focused on what matters most: getting the job done.

- **Compact Design:** A 35% reduction in size and a lighter weight means more room to work and easier portability—whether you're in the shop or on the go.
- **Charge Efficiency:** The 4-Amp max charge rate gets your batteries fully powered quickly, while the 4-LED fuel gauge and audible alerts keep you informed every step of the way.
- **Universal Compatibility:** Charge any IQV20™ Series battery with the same universal charger and get the job done—fast.
- **Versatile Mounting Options:** Mount it vertically or horizontally on your wall or workbench to suit your workspace.
